Medical Treatment Consent for Minors

Dear Parent or Guardian:

This card should be presented to the attending physician if your child is in need of medical treatment during your absence. Have each of your minor children (through age 18) carry a card with them or have it available when you are absent. This card will prevent delay of treatment for your child because of lack of proper authorization. Individual hospitals, or physician offices may require additional authorization.

I hereby authorize the treatment, administration of anesthesia and surgical treatment(s) for my minor child:

in the event of a medical situation occurring during my absence or when the hospital or physician(s) are unable to contact me. This authorization extends to any hospital or physician office and both physician and nursing personnel within the hospitals or physician office(s) as well as any physician office, medical authorities and physicians for performing medical procedures acting on the authority of this medical treatment consent form which are deemed necessary to my minor child.
