

# MENASHA EARLY LEARNERS

## WINTER BUCKET LIST

We had over 60 families participate  
in our Fall bucket list!

All students who participated in the fall bucket list challenge were entered into a drawing for family fun bundle of Wikki Stix activities.

Your winter challenge is to complete at least 10 of the activities on the included winter bucket list. Once you've met the challenge, send the list back to school with your child with checkmarks next to all the activities you have completed by **Friday, March 1**. All students completing at least 10 of the activities will receive a special prize from his or her teacher and be entered into a grand raffle.

**Any time spent with a close family member or friend doing these activities counts as quality time!**

### **Just a few of the reasons why spending time with your child is important:**

- ★ Helps your child feel loved, valued and important which builds self-esteem and self-worth.
- ★ Gives you a chance to model good behavior and share your values and morals with your child.
- ★ Allows you to notice your child's strengths and help them grow as a person.
- ★ Encourages positive behaviors and cooperation.
- ★ Creates an emotional bond between you and your child.
